The difference between style & fashion is quality. Fashion is a language some know it, some learn it, some never will like an instinct.

Fashion is silent language. Fashion should be a from of escapism & not a form of imprisonment. Fashion is almost like a religion, for me atleast.

Be sure what you & be sure about yourself, fashion is not just beauty, it about good attitude you have to believe in yourself & be strong.

The harmful thing my fashion is not to be known for it's elegant, but to be known for silhouette. Fashion is what you adopt when you don't know who you are.
