

Colours OF EXISTENCE

For this story, we spent
many weeks of
research, looking for the perfect
location to shoot.
We found it in the heart of the
city, where the old meets the new.
The architecture is a blend of
the past and the present, a
testament to the city's rich history.
We were lucky to find a place
that was both beautiful and
inspiring.

Fashion

Fashion is a style
After coming back from the city, the style is not the same
but the fashion is the same. So, it is important to
be the style of the city with the style of the city.
In your dressing
dress, you give the place of fashion and style
at the same time.

Colours OF EXISTENCE

For this story, we spent
many months of
research, looking for the perfect
story to tell. It was
a journey, but we found it.
A story that was not just
about the past,
but about the future. A story
of hope, of dreams, of
a world where you
can be who you are.

Over

the years I have
learned that
what is
important in
a dress is the
woman
who is wearing it.
