Equinox

It's a new day, each day is a new day! Each spring, a budding romance! Each Summer, a new awakening! Hope, power, growth, bloom.
In Pakistan, it seems, with the Mania revolving around Lawn, the Seasonal Calendar be renamed, amended, altered- and be made perfect to our description: Winter, Lawn, Spring, Lawn, Summer, Lawn, Autumn, Lawn, Winter. Hence, keeping this Lawn Obsession in mind, we have intricately designed this Collection, taking each article as the Nowruz of 2019.
Beautiful Floral prints are envisioned as one with carefully crafted schiffli patterns. The light chiken boring on lawn is the perfect fabric blend for the hot Summer ahead. Pastel Colors, make way with the season's harsh winds and the light weight embroideries align with the light weight feel of the supple lawn fabric. Digital Silk borders, net embroidered & tissue silk dupattas give the complete look to the Collection working as evening wear formal ensembles.

So, Ladies, hop on the Obsessive Lawn Bandwagon,
with this new day- this Equinox!

Love,
Awais Mughal & Aiman Chughtai
