"Fashion you can buy, but style you possess. The key to style is knowing who you are, which takes years. There's no rose to road map to style; it's about self-expression and, above all, attitude."

Fashion is not something that exists in dresses only. Fashion is in the sky, in the street, fashion has to do with ideas, the way we live, what is happening.

"A woman's dress should be like a barrier: with form, serving its purpose without obstructing the view"
