

Unblemished beauty

As the eyes gaze, no blemishes are visible and one sees only from the sides like a
perfect beauty. This beauty is a natural sense of illumination in the world
around you. Your dreams and ideas shared in your life with your friends, with love.

Golden grace

If you are not a golden girl, you are not a girl. In the end, it is not the gold that makes you a golden girl, but the grace that makes you a golden girl. It is the grace that makes you a golden girl, and it is the grace that makes you a golden girl. It is the grace that makes you a golden girl, and it is the grace that makes you a golden girl.
