Alluring Designer Golden
Lehenga Choli
Code : 2978

The image shows a detailed view of a traditional Indian garment, specifically a lehenga choli. The fabric is a rich golden-brown color and is heavily embellished with intricate patterns of small, light-colored beads or sequins. These patterns form a dense, repeating design of stylized leaves and floral motifs. A vertical strip of sheer, golden fabric, likely a dupatta, is draped over the main fabric, also featuring the same beaded pattern. The lighting highlights the texture and the shimmer of the beads.
