HOW DO YOU PERCEIVE FASHION IN PEOPLE'S DAILY LIVES ?
WHAT ARE TO TOP BANARASI TRENDS THIS SEASON

I find fashion juvenile as we are trying to homogenize individuals to an attempt to expand our industry to larger scale.
we think fashion's initial quest was to create individualism, but right now it is only bringing in homogeneity.

According to us, the coming year are going to be beauty with maturity.
we are now in fashion era with maturity, and are able to cut out the fluff in clothing.

Indian tradition fashion is becoming more mature and we are stepping into big revolution of going back to the basics.

In India, for the 1 designer in india to grow big in both culture and creation, the only route is our culture.

we think the culture for wearing banaras has grown extensively over the past few years-it's become revolution right now
