For the textile brand LAZZA a couple of sarees was a challenge, we had to create a collection. We had to work on the collection in the spirit of the collection of the brand and also we reflected upon our brand image, which is LAZZA PRINTED BLOCK and our love for printing technique and creating art.

For me, lazza is about Lazzari's range of accessories in a challenge, even if it's perhaps unconscious. We had aimed to work on this collection in white, red and green, drawing on the colors of the past, and we reflected upon our brand's core: search for L'AZZURA POPS (L'AZZURA) and our love for printing technique and creating time.

For the launch of our LAZZA range of sarees we set a challenge: to create a perfect saree. We had aimed high, on this collection of sarees and it was a long journey of perfection. And we reflected upon our brand's core, so we took LAZZA PANTSU and created our line, the printing technique and the design.
