*Shameen is something more than what you put on your body. It has to with the way you carry yourself and the impact it has on you as well as on others. It's a fantastic feeling of being watched and admired and adored. It brings you to the very brink of being a celebrity. Celebrity of your own world.*

Sexy doesn't always have to be about what you reveal but rather what you conceal or convey in a mood or an attitude. Some times teasing the line and experimenting is interesting as well. The journey becomes more important than the goal itself.
