Designer Collection

BECAUSE YOU LOVE YOURSELF

Women think of all colors except the absence of color.
I have said that black has it all. While too. Their beauty is absolute.
It is the perfect harmony. I think there is beauty in everything.
What 'normal' people would perceive as ugly.
I can usually see something of beauty in it. The beauty of a woman is not in the
curves she wears, the figure that she carries, or the way she combs her hair.
The beauty of a woman is seen in her eyes, because that is the doorway to
her heart, the place where love resides. True beauty in a woman is reflected in her
mind. It is the caring that she brings, the passion that she shows in.
The beauty of a woman only grows with passing years. It is here and in fashion.
There are no rules. It's all about the individual and personal style, wearing
high and low and, classic, trendy, and up until coming designers all together.
