young adults leave home (through migration) for decades. For instance, residential care was always preferred over the poor. But that doesn't mean the current families in the house share traditional values, such as religious conservatism with the grandparents' demands (Table 1). It has a tendency, which has accelerated since the 1980s of staying home. Elderly parents have more money, skills, and human resources to enjoy life over new paid work. And the socio-cultural norms have gone through evolution for decades. For instance, residential care was always preferred over the poor. But that doesn't mean the current families in the house share traditional values, such as religious conservatism with the grandparents' demands (Table 1). For the middle class, which has not traditionally been poor, the new generation has more money, skills, and human resources to enjoy life over new paid work available in the market.
